

ROXANNE G

UX Designer, UI Prototyper, Web Designer

EXPERIENCE

2021 - Present

UX/UI Designer at Assetworks, LLC

Learn complex workflows for two high level asset management programs and create new mobile responsive interfaces for them. Create hi-fi interactive prototypes for meetings with engineers and Subject Matter Experts for approval. Instrumental in moving the company to Figma.

2019- Present

Freelance Web Designer

Using my skills to help important people in my life and those striving to make a better society. Projects include: Sungate Homeschool and Starry Knight Robots

March 2021 - Present

Code for Philly UX Designer

I am currently on the Choose Native Plants project as gardening and civic hacking are near and dear to my heart.

2009-2020

Early Childhood Educator

Ask me how UX Design and Early Childhood Education are the same

1999 - 2007

GIS (Geographic Information Systems) Professional at Philly Water Dept.

Worked on a years long project to create and support a multi-million dollar Graphical CMS for Water, Sewer and High Pressure Fire System engineering documents

ABOUT ME

I am very proficient in Figma, Sketch, Adobe Products and user testing. Learning new software is something I consider fun. I enjoy making hi-fi prototypes and performing and analyzing user testing. In all my professional circles I'm known for my reliability, organization and time management. I keep it light with my coworkers and aim for positivity and optimism in all interactions.
